Sat 9/25 – 60th ROC 200 (Oswego Speedway)**

Racin' Gremlins Derail Charges to the Front Early in 2010

Williamson, NY - Racin' gremlins and just plain bad racing luck have been the theme for Branich Motorsports runs early in the 2010 Race of Champions Tour season. Jan Leaty was running in the top 10 in the Shangri-La 75 and then in the Richie Evans Memorial at Oswego only to have sour luck derail the efforts.

The season started in April at Albany-Saratoga Speedway. Though not an official ROC tour race, ROC teams received 50 ROC "show-up" points for participation. During the heat, the left front of the team's Troyer mod was damaged while Jan was attempting to avoid a spinning car. The #6 was repaired for the consi, but rain forced the event to be postponed.

At Shangri-La 2, Jan set a track record for lap time during practice. He was running 4th with 8 laps to go in the feature, when the left front was hit during a multicar mishap, sending the PACE #6 pitside with a flat tire. The tire was changed, and the car was back on the track to take the checkered one lap down in 18th.

At Oswego, after just pitting and running 10th at about the halfway point of the 75 lap feature, power steering was lost, and then the left front hit yet again as Jan tried to avoid an accident ahead. He was not able to finish.

Richie Evans Memorial 75 Oswego 5/29/10
